Re: Micro-Blaze and Micro-Blaze Out Products

Dear Don:

I enjoyed meeting with you on Thursday, December 14, 1995 and learning more about your all purpose odor controller and waste degrader Micro-Blaze, and your fire extinguishing agent Micro-Blaze Out. The Arizona Department of Environmental Quality (ADEQ) applauds Verde Environmental, Inc. (VEI) for its development of these products to manage liquid spills and extinguish fires in an environmentally friendly way.

While ADEQ does not endorse products or processes, it does encourage VEI in its efforts to develop, market, and sell products in Arizona. Thank you for your contributions to protecting the quality of Arizona's environment. If you have any questions, please give me a call.

Sincerely,

Martin Todd Dorris
Technical Assistance Manager
Office of Customer Service & External Affairs
